MYSTIC HEALING THERAPIES

REVERSE EFFECTS OF VACCINE

PROTOCOL GUIDE

Absolutely everything is about frequency. Many people are now regretting having taken vaccines, including the fake covid vaccine, and are concerned about the side effects. If you are willing to step into your own personal responsibility, develop your personal connection to the Great Spirit, and rise your vibration to a level higher than the frequency range of side-effects and disease, then you can truly reverse the effects of all vaccines.

There are some other valuable protocols you can follow, and other healing modalities that are beneficial such as hyperbaric oxygen, drinking pine needle tea, med beds etc, I suggest you research these too. But ultimately everything is about frequency, and this guide is to help you step into the spiritual side of the healing. This protocol will set the intention and clear the energetic pathways, which will work as a stand-alone protocol, or will compliment any other healing modality you may choose.

Invocation/Protection

Take some deep breaths, put aside all the cares of the day. Take some more deep breaths, connect yourself, to yourself in this moment. Call in Archangel Michael, and your team of helpers. For me that would be the dragons, the unicorns, my ancestors the higher Galactic's, and Archangel Raphael, you may well have your own unique team, but always call in Archangel Michael, as he offers protection

As I call these in, I am making it very clear, that I am only calling those in with the highest and best intention for all concerned. The highest and the best for everyone. We know now that we have the protection of the Archangels and all those mentioned, and they are coming in on the vibration to serve the highest and best for humanity and all concerned.

Set the Intention

Great Spirit, I am connecting with you today, with the intention of stepping into my personal responsibility, and rising above the vibration of all the vaccines I have ever taken. I forgive myself, and my parents/care givers and any others involved, and intend to clear my energy field of every vaccine and medication I have ever taken, that has not been in my highest and best interests, leaving me pure, perfect and how God intended. I am asking for assistance with this please, dear spirit team.

Forgiveness

Great Spirit, I now understand that many vaccines contain human DNA, from foetal cells etc. I see and honour every single soul from that original DNA, and forgive myself for this. Great Spirit, I am acknowledging all the vaccines given to us me as a child, before I was in a position to make a conscious choice about whether or not to participate. I forgive myself and my parents/care givers for consenting to these vaccines on my behalf. For the vaccines I consented to taking myself, I acknowledge my full responsibility for these choices I forgive myself, and I let go of any self-blame.

Revoke any Consent

Great Spirit, I return my memory to the times when I actively rolled up my sleeves to consent to having the vaccines in my body. I take my consciousness back to each and every time I participated in the administration of vaccines, including those times I cannot remember. I am clearly stating now that I revoke my consent to all of these vaccines. I am breaking any prior contracts and agreements, and supersede all of these, by withdrawing my consent to all of them. I understand that time is an illusion, and know that my consent is now withdrawn from these vaccine procedures.

Open up your 12 Chakras

Starting with your Earth Star Chakra beneath the soles of your feet, imagine and intend them opening up, then moving up, through your body intending that the others open up and activate. We have the base, the sacral, the navel, the solar plexus, the radiant golden heart, the throat, the third eye, the crown, the causal chakra, which is located behind your head, the soul star several metres above your head, then finally the stellar gateway, which is connected to your home planet. (You have now opened up your body, ready to receive the high vibrational healing).

Invoke the Healing

Spirit team, I call upon you to imbue my energy field with the highest possible energy suitable for me. As I picture this golden elixir surging through my body, starting from my stellar gateway chakra, moving down through my body via the chakras, I know that it is flushing out all the energetic imprints from the effects of the vaccines. I also know that it is cleansing and purifying my body, and is returning my DNA to its original intended status. Leaving my body, pure, perfect, and as God intended.

Repeat the Mantra x3

“I am pure, I am perfect, I am as God intended”
“I am pure, I am perfect, I am as God intended”
“I am pure, I am perfect, I am as God intended”

Repeat the above mantra, as many times as you like, in sets of 3. As you are saying it out loud, imagine your body becoming brighter, lighter, purer. Letting go of anything in your body that does not serve your highest good.

Cut any Chords and Attachments

Call upon Archangel Michael to assist you cut any energetic chords or attachments accumulated due to the vaccines, that are not serving your highest good. Imagine holding a large pair of scissors, and imagine any chords and attachments being cut away. Knowing that you are fully free now of the effects of the vaccines.

Strengthen your Connection to the Great Spirit

The stronger your connection to the Great Spirit, the more power you will have to determine your own health and well-being. Since everything is about frequency, and your intention is to raise your frequency above that of side effects and disease, the stronger your connection to spirit, the higher your frequency will be. If you do this protocol without fully committing your heart and soul, then the less effective it will be. If on the other hand you have seen the light, and are fully committed to walking the spiritual path, then this protocol is sure to work, as your frequency will match the intention.

Give Thanks, Close the Space

We thank all those who have taken part in this practice, including Archangel Michael, our own spirit team and helpers, and those that have specifically come in to help with this protocol.

Thank you, Thank you, Thank you.

It is done, It is done, It is done.
